Sir:

Upon reviewing the above-identified patent, Patentees noted the following error:

On the Cover Page:

In the right-hand column, under "Foreign Patent Documents," the citation in line 29 should read "WO 99/32135," not "WO 99/32155."

The above error was not in the application as filed or amended by Patentees, and thus appears to be the fault of the Patent and Trademark Office. However, this error is of a minor clerical or typographical nature, and does not appear to be of consequence. Accordingly, pursuant to M.P.E.P. § 1480, Patentees respectfully request that this letter be made of record and placed in the patented file.

However, should the Office determine that the above error is of consequence, Patentees respectfully request the issuance of a Certificate of Correction pursuant to 37 C.F.R. § 1.322.

Respectfully submitted,
